

Atypical epithelial cells-warranting further investigation

Microscopic Description: Atypical basal cells

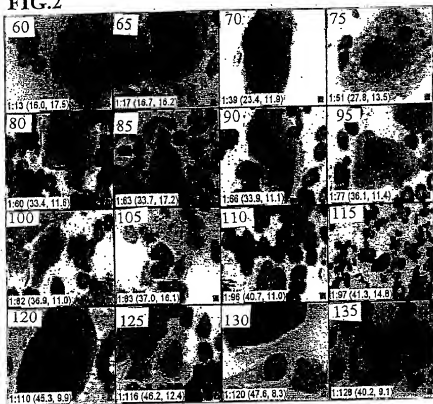

Cellular Representation: Superficial, intermediate, and basal cells

FIG.1

Atypical epithelial cells-warranting further investigation

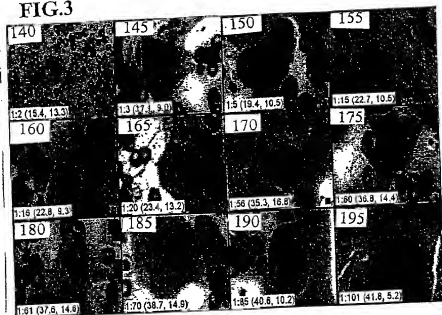

FIG.2

Microscopic Description: Atypical epithelial cells
 Cellular Representation: Superficial, intermediate, and basal cells

Positive for dysplasia or carcinoma

FIG.3

Microscopic Description: Dysplastic epithelial cells; blood present.
Cellular Representation: Superficial, intermediate, and basal cells
